“Full Stack Sleepless: Backend by logic, frontend by force” “99 bugs in the code, take one down, patch it around... 127 bugs in the code”
Dhanbad, Jharkhand, India

Summary

Currently pursuing a Bachelor of Computer Applications (BCA) with Data Science and Artificial Intelligence. I am passionate about leveraging technology to solve real-world problems, with a keen interest in machine learning, data analytics, and automation.

I thrive in environments that challenge me to learn and grow, and I am continuously building my skills in programming, data analysis, and AI. My goal is to contribute to innovative projects that harness the power of data to drive impactful solutions.

Experience
